

Press release

Renens, 16.03.2020

Unlimited mobile Internet in Switzerland for all Salt Business customers

In light of the current pandemic situation, and to contribute to hold back the spreading of the COVID-19, Salt has decided to support employees who work from home by temporarily providing all Salt Business customers who have a restricted data price plan with an upgrade to unlimited mobile Internet within Switzerland until May 31st, 2020, free of charge.

To support public efforts aiming at slowing down the spreading of the coronavirus, Salt has decided to facilitate home office for its Salt Business customers. Therewith, until the end of May, all Salt Business customers in Switzerland will benefit from unlimited national mobile data with 4G/4G+high-speed (*).

This special measure is valid from March 18th until May 31st, 2020, and all eligible Salt Business customers will receive additional information in the coming days.

Christian Aveni, Chief Business Officer at Salt, comments: *“We are taking the current situation very seriously and are striving to take on our social responsibility in contributing to containing the spread of this pandemic. By providing our Salt Business customers high quality mobile home office solutions, at no additional cost, we aim at supporting their business continuity and growth, all while allowing their employees to avoid exposure.”*

*) National calls and SMS/MMS as well as roaming remain on standard subscription rates.
Details on the offers are available on salt.ch/business.

About Salt: Salt is a Swiss telecommunications provider which owns and operates an extensive, high-quality mobile telecommunications network. With Start, Basic, Swiss, Europe, World, Young and Surf, Salt offers a comprehensive portfolio of personal, straightforward and efficient mobile flat rate subscriptions. At up to 1 Gbps and no extra costs, Salt customers can surf on the fastest available internet connection (4G+) – without any speed limitation. Salt’s ultra-fast 4G+ network covers over 55% of the Swiss population and its 4G network covers even 99%. Thanks to its ultrafast broadband solution called Salt Fiber, Salt provides a unique triple play service, which for the first time in Switzerland takes full advantage of the optical fiber technology by means of symmetrical data transmission rates of up to 10 Gbit/s. Salt Fiber can be combined in an gainful way with Salt’s powerful mobile flat rate subscriptions.

Salt in figures: 1,244,500 postpaid customers (as of 30.09.2019), 103 Salt Stores and 4G coverage of 99% of Switzerland’s population.
