

### **Fix Repair: the new fast repair service is coming to Lausanne!**

**Quick as lightning** – after successful openings in Lugano, Bern and Zurich, a new Fix Repair store will open its doors to the public this Friday inside **Salt's flagship store Lausanne Grand-Chêne**. As an opening special, Fix Repair offers the first 20 repairs for free and the following 20 repairs at a 50% discount. First come, first served!

Since last year, **Salt is collaborating with mobile klinik AG** and offering innovative and reliable repair services. Quick repairs of mobile phones, tablets and accessories are handled directly on-site. Customers generally benefit from **repair times of under 30 minutes**. Consequently, users don't have to part with their mobile device for long.

Furthermore, full cost control is guaranteed through **systematic cost estimates** for out-of-warranty repairs. After each repair, customers benefit from a **four-month warranty**.

As an **official Apple Service Partner**, Fix Repair handles all authorised repairs for Apple devices (iPhone, iPad, iPod Touch, Apple Watch, Apple TV) and Beats products. In addition, all Apple repairs handled on-site use original Apple replacement parts within the manufacturer's warranty period.

Screen replacements are offered at a very attractive price via the central Apple Service Center, subject to any warranty claims. During this repair process that can take up to several days, Fix Repair naturally provides customers with loan devices (iPhone 5, iPhone 5s or iPhone 6).

Besides the above-mentioned Apple warranty services, out-of-warranty repairs for all other brands are offered as well.
