1. What can be insured?

You can insure mobile devices (mobile phones, tablets) by acceding the collective insurance contract which have been purchased at Salt in Switzerland or Liechtenstein at the time of enrolment to the collective insurance contract for Relax Plus.

Insured is the mobile device which was used with the insured Salt SIM card inserted at the time of the insured event. Condition of the insurance cover is that at least one call or one SMS or one connection to the Salt network must have been made with the concerned mobile device using the insured Salt SIM card during 30 days preceding the date of the insured event. In case you purchased a product bundle consisting of a mobile phone and a tablet at Salt at the time of enrolment to the collective insurance contract, only the mobile phone used with the insured SIM card is insured.

2. Which risks are covered by Salt Relax Plus?

With Salt Relax Plus you are covered against:

The number of claims is limited to two (2) per period of twelve (12) consecutive months, independent of the type of claim (e.g. breakage, water damage).

4. When does your insurance cover start and how may it be cancelled?

Your insurance cover begins with the date of your enrolment to the collective insurance contract as stated in your insurance confirmation message. The insurance period and the cancellation rights are based on point 9 of the General Terms and Conditions of the Salt mobile subscription: Term and termination. The insurance cover ends automatically with the termination of your Salt mobile subscription contract.

5. What and how do I need to pay to benefit from insurance cover?

The price of your insurance cover is stated in the confirmation message of your enrolment. This amount is billed with your monthly mobile bill. If you have not fully paid for Salt Relax Plus, you are not allowed to receive any benefits from your insurance cover.
