Current contract

I want to change my operator and keep my current landline number. I am the legal holder of the current operator's subscription contract.

Current operator _____

I understand that requesting the transfer of my fix number might automatically cancel other services (Internet access, digital TV, voice) with my current operator

I don't want to pay penalties fees on my current contract therefore my landline number will be transferred to Salt only when the initial commitment with my current operator will be over.

Transfer

I want to transfer the following number

I authorise Salt to :

- transfer the number above
- cancel the corresponding contract(s). If the contract includes other services, the cancellation will only apply to the part of the contract that deals with the number I've indicated. My current operator has to accept the cancellation. Salt can't be held responsible if the operator refuses the cancellation and transfer of the specified number.
